## **PART 1 – IN-YEAR REPORT**

### **Mayor's Report**

#### ***1.1 In-Year Report – Quarterly Budget Report***

##### **1.1.1 Implementation of the budget in accordance with the SDBIP**

The results of the SDBIP for the third quarter ended 31 March 2016 will be tabled in a separate comprehensive report to council.

##### **1.1.2 Financial problems or risks facing the municipality**

None. All the major sources of revenue are currently within acceptable norms. It should be noted that certain rentals & other revenue items were reclassified as per SCOA framework.

##### **1.1.3 Other relevant information**

Overstrand Municipality was appointed as one of the official national pilot sites for the implementation of mSCOA (Standard Chart of Accounts). The 2015/2016 Budget was compiled according to the mSCOA classification framework and the below results reflects the third quarter's financial position. We still have to report according to the standard reports of the budget reporting regulations.

YTD Actual revenue at the end of the third quarter for 2015/2016 is at 76.59% of the budgeted revenue. The expenditure reflects spending of 68.02% against the budgeted expenditure. Capital expenditure amounts to R56.85m, or 55.13% of the total adjusted budget of R103.1m, at the end of March 2016.

A third adjustments budget was tabled in February 2016 emanating from various adjustments identified on the operating and capital budgets.

Outstanding consumer debtors remain relatively stable and basically reflect the year-on-year increase from increased tariffs as from 1 July 2015. The increase in the current debtors at the end of March 2016 is still as a result of seasonal usage over the holiday period.

The positive cash flow remains stable with no indication of a decline.

This table reflects the operating budget (Financial Performance) in the standard classifications which are the GFS Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.

The main GFS classifications are Governance and administration; Community and public safety; Economic and environmental services; and Trading services.

It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.

The operating expenditure budget is approved by Council on the municipal vote level. The municipal votes reflect the organisational structure of the municipality which is made up of the following directorates: Council; Municipal Manager; Management Services; Finance; Community Services; Local Economic Development; Infrastructure & Planning and Protection Services.

Unauthorised expenditure by year end would occur either for the municipality as a whole if the adjusted budget for 'Total Expenditure by Vote' or if any of the individual budgets for any specific vote/s were overspent. During the financial year some of the figures are influenced by transactions that occur annually only.
