**6. Background/Discussion/Evaluation/Conclusion****Background**

The reason for the proposed amendment of the contract is aimed at adjusting the escalation date(s) when escalation of rates will come into effect.

Section 116(3) of the MFMA provides as follows:

*“116(3) A contract or agreement procured through the supply chain management policy of a municipality or municipal entity may be amended by the parties, but only after-*

*(a) the reasons for the proposed amendment have been tabled in the council of the municipality; and*

*(b) the local community -*

*(i) has been given reasonable notice of the intention to amend the contract or agreement; and*

*(ii) has been invited to submit representations to the municipality or municipal entity.”*

The proposed amendment of Contract SC 1689/2016 was advertised for public comment as follows:

Date of advertising : 23 August 2018

Method of advertising : Hermanus Times, Overstrand Municipal Website, Municipal Notice Boards

Closing date for comments: 25 September 2018

**No comments were received by the closing date of 25 September 2018.**

Section 116 (3) of the MFMA should however be read together with MFMA Circular No. 73 issued by National Treasury, May 2013. In terms of the said circular, **the following power/duty was conferred to Council** which is cited as follows: (emphasis added)

*‘Considering the reasons for the proposed amendment of a contract or agreement and any representations that may have been received regarding the proposed amendment of a contract or an agreement procured through the supply chain management policy of the municipality **and deciding whether to consent to the amendment of the contract or agreement.**’(emphasis added)*

**Discussion**

The reason for the proposed amendment of the contract is aimed at adjusting the escalation date(s) when escalation of rates will come into effect.

The tender was awarded on 29 March 2017, the escalation date was determined at 01 July 2018, and the contract was signed on 7 April 2017.

The escalation clause in the tender document however, stated *“Prices must be fixed for the first year of the contract period from date of commencement. Thereafter, to a maximum of 6% escalation per year will be allowed until the end of the contract period on 30 June 2019.”*

Contract SC 1689/2016 SUPPLY & ERECTING OF FENCES ON AN "AS AND WHEN BASIS" IN OVERSTRAND AREA, was awarded to Securitem (Pty) Ltd., A.E Fortuin t/a Ace Gates & Fences, Mr Spike Overberg CC, Jonty Engineering and Trading SA CC t/a Jetco SA, following a competitive bidding process in terms of the Overstrand Municipality's Supply Chain Management Policy.

The award, however, contradicted the escalation clause contained in the tender document and it is proposed that the escalation date be adjusted to 08 April 2018 and 08 April 2019 to correspond with the conditions contained in the tender document.

**9. Comments from other Departments, Divisions and Administrations****Supply Chain Management**

A compliance check in terms of the Supply Chain Management Policy has been undertaken and verified on 2019/03/01.

The Supply Chain Management Unit is satisfied that Mr Spike Overberg CC and Jonty Engineering and Trading SA CC t/a Jetco SA comply in all respects.

Securitem (Pty) Ltd and AE Fortuin t/a Ace Gates & Fences do not comply with the administrative requirements of the SCM Unit – see Annexure C attached – and it is recommended that the bidders not be awarded any further work until such time that the bidders can prove compliance with all the SCM requirements.

SCM has no objection to this Section 116(3) amendment of contract no. SC1689/2016 and supports the recommendation.

**Contract Management Office**

It is confirmed that contract SC1689/2016 is still active and the proposed extension of the contract is supported.

This is the first extension to the existing contract and a Section 116(3) amendment as required by the MFMA is being followed.

The successful amendment of this contract is subject to Council's consent to the proposed amendment of the contract.
