Section 121 of the Local Government: Municipal Finance Management Act 2003 (Act 56 of 2003) (MFMA)

6. Background

In terms of the above legislation a Municipality must prepare an annual report for each financial year. Some of the key purposes of the annual report are:

- to provide a record of the activities of the municipality or entity
- to provide a report on performance in service delivery and budget implementation
- to provide information that supports the revenue and expenditure decisions made
- to promote accountability to the local community for decisions made.

The annual report provides an authoritative record of the activities and performance of the municipality for each financial year. In time it will serve as a key historical record on each municipality, revealing the progress, growth and development of municipal services and performance.

The MFMA requires that the annual report of a municipality must include the following:

- the annual financial statements
- in addition, where a municipality has sole or effective control of a municipal entity, the consolidated annual financial statements
- the Auditor-General's audit report on the financial statements
- any explanations that may be necessary to clarify issues in connection with the financial statements
- an assessment by the accounting officer on any arrears on municipal taxes and service charges
- particulars of any corrective action taken or to be taken in response to issues raised in the audit reports
- other information as determined by the municipality or entity or as may be prescribed
- any recommendations of the audit committee.

The format of the consolidated report will be as follows:

Chapter 1: Mayor's Foreword and Executive Summary

Chapter 2: Governance

Chapter 3: Service Delivery Performance

Chapter 4: Organisational Development Performance

Chapter 5: Financial Performance

Chapter 6: Auditor-General Findings

National Treasury in September 2012 issued MFMA Circular 63- Annual Report-update that amongst other aims to expedite the timelines for producing the Annual Report.

Circular 63 states:

“Timelines for producing the Annual Report

The Annual Report of a municipality and every municipal entity must be tabled in the municipal council on or before 31 January each year (MFMA S127). In order to enhance oversight functions of Councils, please note that this must be interpreted as an outer deadline; hence municipalities must submit the Annual Reports as soon as possible after year end, namely, August. The entire process is concluded in the first or second week of December for all municipalities, the same year in which the financial year ends and not a year later, as is currently the case. The activities, implications, process/role-player and timeframes are described below for ease of reference and implementation.

It is expected that effective management of performance will also result from this change.
